## WEBSITES, PORTFOLIOS, PROFILES

---

- <https://www.linkedin.com/in/jinalpatel1812>

---

## EDUCATION

---

**Conestoga College** - Kitchener, ON

Post-graduate certificate in Big Data Solution Architecture (Ongoing)

**Gujarat Technological University** - Gujarat, India

Bachelor in Computer Engineering ( CGPA : 7.68/10 ), (May 2023)

---

## SKILLS

---

**Languages:** HTML, CSS, Java Script, Python, Core Java, PHP

**Frameworks:** NumPy, Pandas, Bootstrap, jQuery

**Tools:** Tableau, GIT, MySQL, VS code, Pycharm, Jupyter, Oracle, Postman

**Soft Skills:** Leadership, Event Management, Public Speaking, Time Management, Accuracy, Team work

---

## EXPERIENCE

---

**Internship - Web Development (Full-time)**

June 2023 - November 2023

**Concetto Labs** - Gujarat, India

- Collaborated with the web development team to assist in the design, development, and maintenance of web applications.
- Participated in front-end development tasks, including HTML, CSS, and JavaScript coding, to enhance user interface functionality and user experience.
- Assisted in back-end development tasks, such as database management and server-side scripting.
- Conducted thorough testing and debugging of web applications to identify and resolve issues.
- Contributed to team meetings and discussions, offering insights and ideas for improving development processes and project outcomes.
- Stayed updated on industry trends and best practices in web development, continuously expanding knowledge and skills in relevant technologies.

**Internship - Python (Full-time)**

Jun 2022 - August 2022

**Emerging Five** - Gujarat, India

- Assist in developing, testing, and debugging Python-based applications.
- Collaborate with team members to understand project requirements and contribute to solution design.
- Contributed to the coding and implementation of Python scripts and modules to support various project requirements.
- Research and implement new technologies to enhance existing systems or build new ones.
- Assisted in the integration of Python applications with other systems and databases, ensuring seamless data flow and interoperability.
- Work on assigned tasks in an organized and timely manner, seeking guidance when necessary.

---

## PROJECTS

---

**Data Scrapping Using python**

- Led a Python data scraping project, employing BeautifulSoup and Scrapy to gather structured data from diverse websites.
- Implemented robust parsing algorithms to extract specific information.

**Survey Management System**

- Developed a robust survey management system, combining front-end languages like HTML, CSS, and JavaScript for user interface design, with Python for backend functionality.
- Implemented features for survey creation, distribution, and analysis, ensuring a seamless user experience and efficient data processing.

**Form Management System**

- Developed a dynamic form management system using PHP, MySQL, and JavaScript.
- Designed intuitive user interfaces for creating, submitting, and managing forms efficiently. Implemented robust backend logic for data validation, storage, and retrieval, ensuring smooth workflow processes.

---

**CERTIFICATIONS**

- Web Development using PHP certification from CreArt Solution Pvt. Company.
- Python Internship completion certificate.
- Web Development Internship completion certificate from Concetto Labs.
- React Training (Ongoing)

---

**LANGUAGES**

English (Fluent), Hindi (Fluent), Gujarati(Fluent)
